“ Visiting with Chester was always a pleasure, even near the end when he was living in his West Bend apartment. Such a gentleman! My favorite times with Chet were all the times we talked about cars. He had such a vast knowledge of cars and never lost his interest in them. He would critique each car as though he personally owned every one. I loved chatting with him whenever I had the opportunity. Also, I especially enjoyed the Easter holidays we shared with him. Never a dull moment! He was most certainly one-of-a-kind.

“ My favorite memory of Chester is when we visited Disney World with him in the early 70s. It was my first visit to Disney but I think Chester's enthusiasm was even greater than mine. Chester had the ability to experience the wonders of the world through the eyes of a child. All the way there in the car he told me how fabulous the Teke Teke birds would be and taught me the songs I'd hear in the "It's a Small World" ride. His joy and laughter were contagious and fabulous. I will always treasure those memories.
