She had a special place in her heart for animals and was always willing take in a new pets. Julie loved her family and never missed an opportunity to spend time with her little man Rowan. “ I don't think my first message posted, forgive me if this is a repeat. Julie picked up my son his first day of school. He is low functioning autism. He was scared that first day we put him on the bus. Julie reassured him things would be fine and she was full of smiles. She held him when the bus got to school and calmed him down. He learned to love school and hugged her every day as he got off the bus. She called him her huggy boy. We ran in to Julie at Astor Park about a year after she had to stop driving. Gage ran up and have her a high hug and I know it made her day. She made my son's life less frightening and he loved her.

“ Dear, dear cousin Julie. I will miss you very much. God has plans for you unfortunately it was not on earth. It was still too soon. I will always remember how we connected many times throughout our years from childhood on. Every time we got together it was like we never missed a day. I will forever cherish our friendship. We always had many laughs. My heart goes out to our families. You are a beautiful person inside and out. I am sure you have the most beautiful wings so fly free of pain and worries and please visit us often showing little signs that you are with us. Much love to you my dear. Your earthly presence will be sadly missed. I am sure you are so happy to see your mom and sister again. Love and prayers to everyone who had the pleasure of knowing you.

“ My first memory is going to lunch at Washington Jr High and Julie must have seen me looking confused because I was a new student and it was my first day in the cafeteria and annex. She came up to me and explained things to me and ever since then she has been my friend. I wasn’t even done with lunch and she was already trying to set me up with her brother!!!! Well she did set up her brother, but to my Sister. And thanks to that I have a beautiful niece Dena!! I don’t think I have ever seen Julie without a smile on her face. She was a genuinely kind person. I hope happy memories of her will help to get thru this most difficult time. She will be sadly missed.

“ I will remember Julie in just the little time I knew her. I just met her 2 !/2 years ago at her mother's house. I told her how much I loved her knitted throw and she said she would knit me a hat, because I didn't have much hair at the time. It took her no time and the hat was done. She was so good with her dogs too, and I loved that.
