“Bunny was a favorite family history center patron for me. I enjoyed getting to know her and her families through her photos and stories we added to familysearch. She preserved a part of her history there. Now she can get answers to all those allusive relatives!

“Bunny and I were visiting teaching companions for several years. I loved hearing her “talk New York” and tell about her family and what working was like years ago. She is the exact age of my mom and we often compared notes of what it was like to be born In 1936.

“ We’re so sorry to hear of Bunny’s passing. Our thoughts and prayers are with her family at this truly difficult time.

We remember Bunny was in charge of scheduling Missionary dinners and somehow she always happened to appear at our house when the missionaries did. There was always a seat for Bunny and she brought a special spirit. She will be sadly missed by those who knew her and visited her.
