

Mrs. Beverly L. Englebert

September 8, 1957 - February 21, 2021

On February 21st 2020, Bev left the pain of a very long illness cradled in the arms of her family to start a new beginning in the grace and peace of Jesus. Born on September 8th 1957, in Noblesville, IN to the late Russell and Norma Jean (Bless) Moran. Bev enjoyed the pleasure of growing up as a Hoosier, a fact she proudly proclaimed all her life through her family's move to Aurora, Co and then as she raised her own family in Green Bay, WI.

She never forgot her Indiana roots or her love for an Indiana style Pork T sandwich, Notre Dame Football, the Indy 500 or her hometown of Noblesville. The only way she was convinced to be a Packers fan like the rest of her family was the fact that Notre Dames' Paul Hornung was a Packer. She was a proud Hoosier through and through.

In November of 1979 she met Mike Englebert on a blind date, one look at her bright blue Irish eyes and Mike was hooked. They were married on February 16th 1980. In the years following she worked as a credit investigator for a Denver mortgage company, a department secretary for the City of Aurora, CO and in Customer Service with ITI and APAC in Green Bay, WI. until her illness advanced.

She was a loving mother and best friend to her son Richard and daughter Victoria both of Green Bay and according to Victoria, a World Champion PBJ artist.

She also was a second mom of sorts to friends Ms. Alisha Cloutier, Ms. Jamie Blahnik and Mr. and Ms. Lee and Megan Werner and an extra Grandma to Justyce and Brayden "Squish" Blahnik. Also special friend Rev. Tracy Turntine Piper, all of Green Bay.

Bev will be loved and missed by her family and many friends.

Bev's sense of humor was legendary, with her children and husband as the recipients of many practical jokes, she had to have a sense of humor as she stayed married to Mike for 41 years.

She was a loving mother and wife, but pity those who tread the wrong path towards her as she was just as quick to flash her Irish temper.

Bev was also a dyed in the wool Trekker who literally knew the dialogue to all the Star Trek TV shows and Movies and could put anybody under the table with her knowledge of all things Trek.

Bev was a fighter too, she was first diagnosed with her illnesses in 1999 with a 1 to 3 year diagnosis, she believed that God would not cut her short on seeing her kids grow up and enjoying life. As a result her 1 to 3 year diagnosis became a two decade journey that she never wavered in. She lived her fullest life until becoming mostly homebound the last two years. Even to her last day she never stopped fighting or joking around.

Bev's presence will be greatly missed; her passing leaves a huge void in our lives.

Bev was preceded in her passing by parents Russell and Norma Jean (Bless) Moran, Sisters Tammy Moran Boyer and Sharon Moran and Father in Law Richard Englebert.

She is survived by her husband Mike, son Richard, daughter Victoria and her beloved cat and fur baby Belle all of Green Bay, WI. She is also survived by niece Jennifer Boyer, Colorado, Nephews Jeremy (Kay) Moran and children, Centennial CO, Cody Moran, Aurora CO, Jacob (April) Boyer and children, New Braunfels, TX and Eric Boyer Arvada, CO. Also numerous extended family in Indiana and Florida.

A memorial service in celebration of her life will be held appropriately, on St Patrick's Day, March 17th at 2 pm via zoom through The United Methodist Church of the Resurrection, Rev. Ashley Morgan Kirk officiating. Internment and graveside rites later this spring on a date to be announced at Cicero Cemetery, Cicero IN alongside her parents and sister to fulfill her wish to be "Back home again in Indiana".

For the zoom link to attend please contact the family at Webolz2472@gmail.com

Special Thanks to the Staff of Unity Hospice who made this heavy burden lighter through their care and compassion. Social Worker Olivia P. whose kindness sparked a rally in Bev's final days that brought joy and peace to our whole family. Nurses Melanie, Karen, Karmen and CNA Nancy, who lovingly provided the bulk of Bev's care. Also Dr. Wayne Thorne, Marshfield Clinic who helped her fight the good fight for the past 20 years and her local physican Dr. Olan Halim, Prevea Clinic, who cared for her when she could no longer make the trip to Marshfield.

Thank you to the Congregational Care prayer warriors from our church, United Methodist Church of the Resurrection and Pastors Rev. Claire Saunders Clough, and Rev. Darryl Burton for their counsel, prayer, support and uplifting during this difficult time.

A special note of thanks to the Engineers and Trainmen of the CN Bellevue/Denmark line who would wave, toot the horn or ring the bell as they passed by our home, on the tracks in our backyard, over the last two years when she could no longer get out and about. It brought Bev great joy to wave at the passing train, she always looked forward to their going by and their return wave or whistle.

And thank you to John Hansen of Hansen Family Funeral Service for your care and compassion as Bev completed her journey.

“You are and always shall be my friend, live long and prosper”
