“ *The memories I have of Gloria Hoffman is her hat that her son (Mark) gave her , her sense of humor at times , getting me through some tough times , waiting for her neighbors to walk down the street or come out to say Hello , long intense and loving conversations on the phone almost everyday sometimes several times a day it didn't matter we would loved to talk , spending time with her knowing so much about her family like they were my family and friends , her great grand children ! She told me if I can open my eyes and get out of bed that was a great day I will carry that with me as I get older ! I will miss her as a second mother , great friend neighbor and the laughs we had and how she made sure I was ok which she still is ! I will tell you she was a fighter and didn't want to leave but the lord wanted to give her wings so she can watch over all of us ! I will talk to her as she is here with me today and almost everyday ! Sincerely Virginia*

“ *Our families go way back. My favorite memory was our houseboat trip down the Mississippi. It was quite the adventure. Gloria was so sweet and even after my mother passed away, Gloria and I would text each other. My heart is saddened by her loss. Condolences to Mark, Bill, Mary and their families.*

“Gloria was a very good friend to me. She showed interest and compassion for what was happening in my life and my family's. I really enjoyed visiting with her and I know she appreciated our conversations as well. I am truly sad i won't be able to see her again, but she will always be in my heart.
