“ Growing up with his sister Tina, we called him Jake. He taught us how to fish but he always seemed to catch more than us! I think I might have even had a crush on him at one point. RIP Jake...you are in a better place now.

“ Uncle Jake was part of a group of many fun uncles we had as kids growing up. He very much wanted to be a part of our lives and was so kind to all of us! I remember a trip to the air show with him and is a trip I will never forget! He was kind hearted and loved by all nieces and nephews, no matter how far apart. No more pain now and I'm sure mom and Tina will give you a run for your money now that you've joined them again! Until we meet again.

“ Jack was one of my favorite uncles. One whom was very much apart of my life. He would take us fishing, swimming and to air shows as kids. I am honored to be named after him. He would take the day to just take me shopping and to do whatever I wanted to do. He was a kind-hearted man that I will truly miss. On behalf of my mother, his sister, she would say "Come to me Jake in Heaven and lets go fishing" In his final days I made the trip to visit so you could meet your great nephew. I will forever hold that memory of you giving Jameson high fives and kissing him on his forehead. I will deeply miss you but I know you are no longer in pain and can be in peace now- say hi to my mom and I love you both dearly.
