“ Every time I would come over to visit he would always have a cup of rainbow sherbet for me to eat. I always remember sitting in his lap in that old recliner. I love you so grandpa, may you be happy.

“ 1979, Jim called me in the morning, asked me if i wanted to start working with him at Precision Frame painting schnieder transport traded in semi trucks. At that time we were painting 1973 international trucks 2 or 3 colors and they would take them to Milwaukee to sell. We would also paint the frame, wheels, exhaust stack and the door jams. After i had been painting these other parts, Jim couldn't keep the truck paint shiny so i tried and was sucessful. When Jim and i would get payed we would drive to the bank to cash our checks. We would drive with our knee so we could sign our checks on the way > so he showed me a 19 year old how to drive with my knee. Chris
