“ My sympathy to all family members at the news of your father's death. My mind has been flooded with good memories of all of the vacations our families had together. One that stands out was our trip to Porcupine State Park, which was also one of the longer ones we had. I remember sitting around the camp fire one of the nights and your dad had a small radio playing and we heard the experience of the first man setting foot on the moon while looking at the moon as we listened. Your dad always provided the laughs for his sense of humor was quick and very funny. A great man that your whole family should be proud of. Love to you all, Bob Ouradnik.
