“ Today I learned of the passing of my friend and former co-worker Scott. We worked together with Acordia and Wells Fargo. He was a great leader, with sensitivity, humor, and intellect. I'm a better leader from knowing him. Deepest sympathy to the entire family.

“ There are so many wonderful memories that I will always have about the times I had with Scott. He once got me into the pits at a racetrack to help him change tires (neither of us was legal to be in there) on the stock car while we were waiting for Red to show up, (he pulled into the parking area driving a bus and in his drivers uniform just in time for the first heat race). Once we rode the mini bike from Sister Bay heading to Baileys Harbor on the backroads, ran out of gas, and had to walk about 4 miles to the cottage on Ridges Road. Another time we took one of Ernest's (Scott's Grandpa) cottage rental row boats out into the roughest biggest waves I have ever seen coming in over the big dock with a little 10 horse motor on that boat and no life jackets, and I was scared out of my wits. We also went up to the Carol House restaurant where Scott had one of his first jobs, to buy french fries and sneak root bear out of the back door of the kitchen...and the memories go on and on. I always admired Scott and have great respect for his dedication and success in the business world. I know he was a friend to many and well liked by all who knew him in his business life. He will be greatly missed. My condolences to Nancy and the family. We will all keep his memory alive with the stories we continue to tell and share with others. Cousin Kenny Ullmann

“ I was fortunate to meet Scott through the Wells Fargo network and Nicki and I enjoyed some wonderful times with him and Nancy during the various conferences we attended and when they visited London He was such a warm-hearted and friendly person that he was able to put one immediately at ease. Scott was a delight to be with and a true gentleman - in all senses of the word - and the World is a much poorer place without him. Our thoughts are with Nancy and all their family at this very sad time.

“ I had the pleasure of meeting Scott through the Wells Fargo international network several years ago. In San Francisco, my wife, Deana, and I shared a table with Scott, Nancy and another couple - we had some good laughs and I recall it being the highlight of the conference for us - interesting, the things one remembers.

*In the short time I knew him I can say he was a good man.....and a good Packers fan!*

*Our condolences to Nancy and the family, our hearts go out to you.*

“ I remember the go-carts and our track around the driveway (I still scare Mark when I drive). I remember "bibble babble" off the raft and the dock. I remember the winter trips to Florida to visit Grandma and Grandpa and going to all the local tourist attractions and great beaches for fun. I remember walks to Toft Point. I remember sailing on the Hobie Cat flying off the sides as we hung on to the wires, and then tipping it upside down in the lake and bringing back upright for further sailing - fun day indeed:) I remember his prom (Prom King Scott) and how we all went to dance the night away. I remember all the fun and cool cars Dad bought for all of us. Scott had his MGB and corvette and I had my 65 mustang and 68 Camaro (we rode in style back then). I remember the drag racing with Mom and Dad's powerful/fun cars (only stories, as I was too young to drive), which they never knew were used for this fun. Dad simply wondered how those tires wore out so quickly! I remember visiting him at college and getting inspiration to get my own degrees. I remember walking the beach, bonfires, and the fireworks (he really had the best home show). I remember the fun week in Door County last summer, with my mother, at Scott and Nancy's cottage in Baileys Harbor. They both entertained us very well for this week. I remember his advice, his smiles, his caring, his goals, his successes, and most of all that he was a great brother to grow up with! You will be missed big brother!

“ Mom and I were remembering when Scott was in high school and my dad, Roger Lent was helping Scott to bulk up to be a good quarterback. My dad recommended lifting weight and eating so he could bulk up. Scott became the Quarterback, And was in prom and many other great things. My dad gave Scott a very good recommendation when he went for his first job out of college. He said Scott would be a good leader and he was! Isaacsons were like family to us as we grew up. Everyone was so proud of Scott. Such a loss to everyone that knew him. Dolores Lent and Robin Sodd

“ I had the honor of working for Scott at WFIS. During that time he taught me so much about living life to the fullest and how a positive outlook can overcome even the worst of times. He was a mentor, a confidant, and a friend. I will remain forever grateful to him. My warmest thoughts are with Nancy, Cameron, Andy, Erin, and all of the grandchildren now and forever.

“ I worked with Scott at Acordia and kept in touch with him over the years. When my wife was diagnosed with cancer I had a very long conversation with him about how to deal with it given his situation. He was so positive and told us to keep fighting and never give up. I will remember him fondly. He was a very good man.
